

Universal Plus basement drain vertical, SST, Backwater valve

Article information

Item no.: 27671 GTIN: 4026092096925 Price group: 10

Advantages

- Sustainable due to use of recycled material
- Inlets above the floor slab, no penetration required
- Vertical outlet for easy installation and easy access to the main drainage pipe

Description

The polymer Universal Plus basement drain is used for drainage of non-faecal wastewater and is equipped with a removable backwater valve with two backwater flaps and a one hand-lockable emergency closure. Including temporary protective cover.

The drain is radon-tight (IAF Radioökologie GmbH tested).

Variant Contents of sludge trap: Emergency closure: Waterproof flange: Sealing water height: Discharge rate (l/s) with 20 mm backwater: Mechanical backwater flaps:	yes yes without 60 mm 1,7 2
General characteristics Colour: Standard: Nominal size (DN): Type of wastewater: Installation situation: Backwater protection:	black EN 1253 100 without sewage floor slab installation Type 5
